

LWW Health Library: Ophthalmology

Why LWW Health Library?

Designed to support foundational learning and clinical practice, LWW Health Libraries deliver trusted health science education and clinical content to residents, fellows, program directors, faculty, and clinicians through a single portal — providing interactive online access to essential textbooks, multimedia & imagery, real-life case studies, and quizzes.

LWW Health Library: Ophthalmology supports fellows and residents in Ophthalmology with a comprehensive and integrated set of content. All the core sub-specialties required for master in a curriculum are covered, making the product applicable for all core rotations, for rounds, Board prep, and exam prep.

**Unique and Timesaving
Online Learning Package
for Residents and Fellows**

LWW Health Library: Ophthalmology

Features:

- 25 Lippincott® textbooks covering core topics and subspecialties
- Over 220 videos, including clinical clips covering ophthalmic surgery rotation areas, plus in-house procedures and imaging topics
- Over 1,000 self-assessment questions from Review Questions in Ophthalmology
- Key textbooks include: *The Wills Eye Manual* and the new (published in 2020-2021) 5-volume *Duke Manuals of Ophthalmic Surgery*, with videos from the Duke University medical school archive

Key Features of Every LWW Health Library

- **Account personalization:** Save content to a 'My Health Library', access Health Library from any computer, and set up email alerts for when new content is added
- **Quizzing/Self-Assessment:** Create custom quizzes organized by topic, keep track of responses, and link to specific textbook content to help with remediation (subscription model only)
- **Ovid MEDLINE® widget:** Instantly access primary literature from MEDLINE®; results include article previews
- **Advanced semantic search:** View results displayed by title, chapter, topic, and/or type of resource
- **Responsive design:** Browse content on your computer, tablet or smartphone with ease
- **Self-directed learning:** Simple, intuitive navigation and individualized self-assessments give residents control over their progress and motivation to learn
- **Sharing:** Much content, including technical videos, can be shared with colleagues and classmates
- **Print/save a chapter:** Download chapters via pdf, for easy access to content when offline — for note-taking or to print
- **Multimedia:** Access videos, images, Q&A, patient education handouts, and more
